

SEPTEMBER 2015

CM SIXTH GRADE CENTER

Character Education & Social Media Safety Programs

Principal Caroline Daly and faculty member Kathy Siefert presented their Character Education and Social Media Safety Program. Principal Daly explained that the SGC believes social skills are equally important as academics. She also shared activities students participated in for the International Day of Peace (September 21) and how programs such as these help emphasize the importance of social and academic skills. CM SGC webmaster, Ms. Seifert demonstrated ways to keep students safe on the internet and while using social media tools. The SGC will host a Social Media Safety evening for parents on February 17, 2016. Great job, SGC!
