**ONE BOTTLE AT A TIME:** Members of Crete-Monee High School's Young Women Empowered (YWE) mentoring group and male volunteers organize donations of bottled water from students and community. The group has collected nearly 350 cases of water for students in the Flint Community School system after reports of toxic levels of lead was found in the city of Flint's major water source. "I love CMHS," said YWE mentee Journey Jones. "We do good things for others! Flint (students) needs help and we are going to help them. I just wish everyone everywhere would step up and send help to our Flint family," she added. The collection of water donations has been extended and will be delivered very soon, says CM 201-U Board Secretary and YWE sponsor, Mrs. Kimberly Sanders who coordinated this effort.

Anyone with questions or who would like to make a donation can contact Board Secretary Kimberly Sanders, via email, at [anewvoiceforyou@aol.com](mailto:anewvoiceforyou@aol.com) or the CMHS Main Office at (708) 367-8200. Way to Go WARRIORS!
