## CMHS “KIDS IN THE HALL” MENTORING PROGRAM

CMHS Principal Harden announced the student members of a new CMHS mentoring program created by Board President Dr. Nakia Hall called “Kids in the Hall”. The students read statements at this month’s board meeting detailing how much the program has enriched their leadership skills. Dr. Hall met with the group for seven weeks guiding them in topics related to mentoring and leadership. Recently, the students were led on a tour of the district administration office by Supt. Nathaniel Cunningham, where students met with district administrators to learn more about their jobs and responsibilities. Special thanks to Rep. Will Davis (D-30<sup>th</sup> District), who graciously provided lunch for the students.
