

# Helping Hands for Hurricane Relief Coretta Scott King Magnet School

Cameron Conwell, Student Government Representative

# SUMMARY OF PROJECT

After hearing about the many natural disasters taking place during the beginning of this school year, our students and staff wanted to find a way to make a difference.

**Our school is doing a year-long service project in which we are raising awareness about natural disasters and are finding ways we can help. Our students are currently collecting change to raise money for the organization United for Puerto Rico, which will aide the victims of the hurricane in Puerto Rico. Additionally, our student council will be raffling off PTO spirit wear donated by our student council and tennis shoes donated by the organization Kicks 4 the City to raise money for this worthy cause.**

# IMPLEMENTATION

1. Kicks 4 The City, has offered a generous donation of Nike gym shoes of various sizes.
2. Student council purchased and donated PTO spirit wear items.
3. Letters were distributed to staff and students asking them to purchase raffle tickets for our fundraiser to take place at our 5K event as well as our Parent Teacher conference night.
4. Students made posters to advertise the events as well as sold raffle tickets at the events.
5. Students made Thank You cards to recognize the organization Kicks 4 The City for their donation.

# OUTCOMES

1. A substantial cash donation will be given to United for Puerto Rico.
2. Through learning about the natural disasters and their effects many students have not only gained empathy for those who are less fortunate, but many students have also become very interested in weather patterns and have begun researching on their own.
