UNITY STARTS WITH “U”

It is important that you have access to pertinent information or know where to go to find answers to your questions. If you have concerns regarding your child’s experience at Crete-Monee School District 201-U; whether it is academic, behavior, etc., please start with the appropriate building administrator.

If the problem cannot be resolved at the building level, please contact the Department of Personnel and Culture (708) 367-8330.
**Emergency School Closing**

On inclement weather days, it may be necessary to cancel school or delay the start time of the school day. On such occasions, the school district encourages parents to listen to the radio, watch local newscasts, or check in with the Emergency Closing Center. In addition, the district will utilize its mass notification system, SchoolMessenger, to alert parents and staff of any alteration to the school day due to inclement weather. Login to Family Access and customize which phones receive Weather Alerts from District 201-U.

The district will make every effort to inform parents by 7:00 pm the evening before regarding school closures or delayed start times due to weather. However, weather is very unpredictable, so we ask for your patience and understanding if we are unable to inform you by 7:00 pm the evening before. If the possibility exists that a parent or older sibling will not be home, we encourage parents to make other arrangements for their children in the event school dismisses early due to inclement weather or an unforeseen circumstance.

**Procedure for School Problems**

Parents and visitors to schools must first report to the school office upon entering the building for any reason. When problems arise, parents shall make every effort to reach a resolution with the child’s teacher. If no satisfactory solution is found, the channel of appeal is:

- Dean
- Assistant Principal
- Building Principal
- Superintendent
- Board of Education

**Parents Right to Know Qualifications of Educators Notification Letter**

A federal law requires districts to inform parents/guardians that they may request information about the professional qualifications of any teacher that is teaching your child. If you have any questions or need additional information, please feel free to contact the Department of Personnel and Culture at 708-367-8330.

**Protection of Pupil Rights Act**

Parents have the right to inspect all instructional materials, including teacher’s manuals, films, tapes, or other supplementary material, which will be used in connection with any survey, analysis, or evaluation of their child (such instructional materials do not include academic tests nor assessments).

Parents shall have the right to inspect a survey created by a third party before it is administered and distributed to their student. Said surveys may be obtained by contacting the appropriate school
office and/or teacher. Parents shall have the right to be informed of the arrangements made to protect student privacy with regard to surveys requesting particular personal information.

Parents shall have the right to inspect any instructional material used as part of their child’s educational curriculum by contacting the appropriate teacher to establish a mutually convenient time for viewing. Instructional material does not include academic tests or academic assessments.

Parents shall have the right to notification of any physical examinations or screenings which the district may administer to the student.

Parents shall have the right to inspect any collection instrument used for the purpose of marketing or selling of personal information. Parents may opt-out of this process by filing with the appropriate school office a non-disclosure request form by September 1st of each school year.

Parents shall have the right to refuse consent for their child to submit to and/or to request protections of student privacy for any survey that reveals the following information:

a. Political affiliations or beliefs of the student or the student’s parent;

b. Mental or psychological problems of the student or parent;

c. Sex behavior or attitudes;

d. Illegal, anti-social, self-incriminating, or demeaning behavior;

e. Critical appraisals of other individuals with whom respondents have close family relationships;

f. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;

g. Religious practices, affiliations, or beliefs of the student or the student’s parent; or

h. Income (other than that required by Illinois law to determine eligibility for participation in a program or for receiving financial assistance).

Any parent interested in further information concerning the exercise of these rights shall contact the Superintendent or designee.

**Student Identification (ID)**

In order to provide a safer school environment, the district will provide student identification (ID) cards to students at the middle and high schools. Student IDs are part of the district’s dress code and should be worn and visible at all times. IDs also allow for admittance into the schools and admission at extracurricular activities.

**Extracurricular and Co-Curricular Activities**

The Superintendent or designee shall approve all District-sponsored extracurricular and co-curricular activities. Selection of members or participants is at the discretion of the sponsors or coaches. The student must meet the academic criteria set forth in the Board policy 6:190, Extracurricular and
Co-Curricular Activities. Student and his/her parent/guardian(s) must provide written consent to random drug and alcohol testing as outlined in Board policy 7:300, Extracurricular Athletics.

Students in grades 9-12 must satisfy the Illinois High School Association (IHSAA) Scholastic standing requirements as well as each standard required by Crete-Monee High School.

School Student Records

This notice contains a description of your and your student’s rights concerning school student records. A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored. Not included in this description are the following types of records: records kept in a staff member’s sole possession, records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses. The District maintains two types of school records for each student: permanent record and temporary record. For additional information on school records, please contact your Building Records Custodian (Building Principal). School student records are confidential and information from them will not be released other than as provided by law.

The school and district routinely disclose directory-type information without consent. Directory information is limited to: name, address, gender, grade level, birthdate and place, parents’ names and address; academic awards, degrees and honors; information in relation to school-sponsored activities, organization, and athletics; major field of study; period of attendance at school; and photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs. Any parent/guardian or eligible student (student 18 or older) may prohibit the release of directory information by delivering a written request to the building principal.

State and Federal law gives parents and eligible students certain rights with respect to student records. These rights are:

1. The right to inspect and copy the student’s education records within 15 school days of the day the school receives a request for access. There may be a small charge for copies, not to exceed $.35 per page. This fee will be waived for those unable to afford such cost.

2. The right to request the amendment of the portion of student’s education record that the parent/guardian or eligible student believes is inaccurate, misleading, irrelevant, or improper.

3. The right to permit disclosure of personally identifiable information contained in the student’s education records, except in certain circumstances. Disclosure is permitted without consent in the case of directory information and to school officials with legitimate educational or administrative interests. Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be
identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student; and in other cases permitted by law.

4. The right to complain to the U.S. Department of Education if the school or district fails to comply with the above. Federal officials can be contacted at:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue. SW Washington, D.C. 20202-4605

Search and Seizure

To maintain order and security in the schools, school authorities are authorized to conduct searches of school property and equipment, as well as of students and their personal effects. “School authorities” include but are not limited to; SROs, school liaison, police officers, security guards, and/or administrative staff.

Search and Seizure of Property

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places. This paragraph applies to student vehicles parked on school property. In addition, Building Principals shall require each high school student, in return for the privilege of parking on school property, to consent in writing to school searches of his or her vehicle, and personal effects therein, without notice and without suspicion of wrongdoing.

The Superintendent or a designee may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs, metal detectors, and/or wands.

Students

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District’s student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objectives.

When feasible, the search shall be conducted as follows:

- outside the view of others;
- in the presence of a school administrator or adult witness; and
- by a certified employee or liaison police officer of the same sex as the student.
Immediately following a search, if the search produces evidence that the student has violated or is violating either the law or the District’s policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities. A written report shall be made by school authorities that conducted the search and given to the Superintendent when drugs or weapons are found.

**Visitors to the School**

The District allows visits by School Board members, parents/guardians, citizens, and taxpayers to all school district buildings. All visitors must report to the main office and sign a visitor’s log, show identification, and wear a visitor’s badge. When leaving the building, visitors shall sign out and return the visitor’s badge. If the purpose of a visit is to meet with staff, visitors must call and schedule an appointment. Teacher conferences outside of Parent/Teacher Conferences scheduled by the District will be held outside school hours or during the teacher’s planning period. Visitors causing a disruption to the educational environment will be removed by the building administrator or designee and appropriate authorities may be notified.

**Visitors to the School – COVID-19 and Pandemic Emergency**

Until the pandemic emergency has ended, visitors are encouraged to check the district website or contact the school to determine if visitors are allowed on district property before traveling to a school site. When allowed, all visitors to school property are required to adhere to the established health and safety procedures and protocols in place during the pandemic emergency. This includes properly wearing a face mask and socially distancing of a particular distance designated by the district at all times while on property. These requirements apply to all visitors including parents/guardians, employees, and all other stakeholders and visitors.

**Rights Under the School Visitation Rights Act**

Parents of students attending Illinois Schools who work for employers who employ at least 50 or more individuals in Illinois have certain rights under the School Visitation Rights Act (820 ILCS 147/1). Employed parents who have worked for an employer for at least six consecutive months, who work at least half-time, and who are unable to meet with educators because of a work conflict must be given leave of up to 8 hours during the school year to attend school conferences or classroom activities related to the employee’s child if the conference or classroom activities cannot be scheduled during non-work hours. However, no more than 4 hours of this time can be taken on any given day and leave under this Act may not be taken unless the employee has exhausted all accrued vacation leave, personal leave, compensatory leave, and any other leave that may be granted to the employee, except sick leave and disability leave. Before arranging attendance at the conference or activity, the employee shall provide the employer with a written request for leave at least 7 days in advance of the time the employee is required to utilize the visitation right. In emergency situations, no more than 24 hours’ notice shall be required. The employee must consult with the employer to schedule the leave so as not to disrupt unduly the operations of the employer. The District will provide documentation for parents’ use confirming the date and time of each school visitation upon
a parent’s request for such documentation. For regularly scheduled, non-emergency visitations, the District will make time available for visitation during both regular school hours and evening hours, when it is practical and the District is readily able to do so.

**Parent Participation**

Each school in Crete-Monee School District 201-U seeks to involve parents as active partners to assist students to reach their academic goals. The Parent-Teacher Organization (PTO) and formal Booster Clubs welcome parents to be part of their organizations. Volunteers are welcome to assist in the classrooms and with a variety of activities within the schools.

Schools with Title I programs have developed formal **School-Parent Compacts**. The Compact is intended to identify the role that students, parents, teachers, and administrators will provide in order to enhance student achievement.

Each Title I school has developed a **Parent Involvement Policy/Procedure** which outlines how parents may actively participate in the education of their child(ren). The District’s Parent Involvement Policy is outlined in Board Policy 6:170, “Title 1 Programs,” with exhibits for both the district level and school levels. This policy may be accessed on the District’s website http://www.cm201u.org and by clicking on the “Board of Education” tab and the “Board Policies” tab.

**Animals on School Property**

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building administration in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

**Hard/Soft Lockdown**

The lockdown of a school is not a form of student discipline. Lockdowns are used when there is danger in or near the school and students and staff need to be protected from danger. A lockdown involves securing doors and windows in an attempt to keep intruders from gaining access to staff and students.

In the event of a preventative or SOFT LOCKDOWN, exterior doors are secured and no one is allowed in or out of the building; however, the routine of the school is maintained (or may be restricted consistent with an external threat) but could include things such as, a fight involving multiple people (mob action), drills, medical emergency, etc.

In the event of a full or HARD LOCKDOWN, there is a total cessation of school activity, no teaching, students seek shelter, classrooms are locked or doors closed, silence is maintained in the building so the staff and students are able to hear the directives given, no one is allowed in or out of the building. Hard lockdowns are normally reserved for serious security situations such as a robbery at a nearby facility, police activity nearby, suspect on the run, etc.
In each instance, staff will guide students as to what their next steps should be. For example, if it is in the best interest of students, it may be required that students leave the building or barricade the classroom. Situations that would require this type of action would be in the event of an active shooter, fire, etc.

**SCHOOL ADMISSION**

**Equal Educational Opportunities**

Equal educational opportunities shall be available for all students without regard to race, color, national origin, ancestry, sex, ethnicity, language barrier, religious beliefs, physical and mental handicap or disability, economic and social conditions, or actual or potential marital or parental status.

Any student may file a discrimination grievance by using the Grievance Procedure. Crete-Monee School District 201-U will, upon request of an individual, make reasonable accommodations in compliance with ADA 504.

**Residency Requirements**

Only students who are residents of the District may attend a Crete-Monee School District 201-U except as provided below or in State law. A student’s residence shall be the same as the person who has legal custody of the student.

A person asserting legal custody over a student, who is not the child’s natural or adoptive parent, shall complete District’s Custody, Care, and Control form and/or Power of Attorney, stating: (a) that he or she has assumed and exercises legal responsibility for the child, (b) the reason the child lives with him or her, other than to receive an education in the District, and (c) that he or she exercises full control over the child regarding daily educational and medical decisions in case of emergency. If the District knows the current address of the child’s natural or adoptive parent, the District shall request in writing that the person complete a signed statement or Power of Attorney stating: (a) the role and responsibility of the person with whom their child is living, and (b) that the person with whom the child is living has full control over the child regarding daily educational and medical decisions in case of emergency.

A student whose family moves out of the District during the school year will be permitted to attend school for the remainder of the year without payment of tuition. When a student’s change of residence is due to the military service obligation of the student’s legal custodian, the student’s residence is deemed to be unchanged for the duration of the custodian’s military service obligation if the student’s custodian made a written request. **However, the district is not responsible for the student’s transportation to or from school.**

**Admission of Non-Resident Students Pursuant to an Agreement or Order**

Non-resident students may attend District schools tuition-free pursuant to whenever any state or federal law or a court order mandates the acceptance of a non-resident student. All students must
register for school each year on the dates and at the places designated. Students enrolling in the District for the first time must present a birth certificate or other reliable proof of identity and age, as well as proof of residence.

**Age of Entrance**

Crete-Monee School District 201U has a process in place to determine student readiness for early admission into school. Parents who are interested in having their child considered for early entry for Kindergarten or First Grade shall follow the process listed below.

**STEP 1: Formal Request and Document Submission (Registration Office)**

- Complete Request for Early Entrance Form
- Original Birth Certificate
- Proof of Residency
- Completed Parent Questionnaire
- Academic Records for Pre-School (if applicable)
- Completed Teacher Questionnaire (if applicable)

**STEP 2: Assessment Process (Assessment Office)**

Once STEP 1 is completed, students will participate in a screening process conducted by Crete-Monee School District personnel. Screenings will be conducted in May and August of each year and are scheduled by calling 708-367-8345.

Assessments:

- NWEA MAP for Reading and Math
- STEP Literacy Assessment
- Math Concept Assessment
- Developmental Indicators for the Assessment of Learning (DIAL-4)
  - Motor

  - Concepts
  - Social
  - Self-Help

**STEP 3: Data Review and Recommendation (Office of Curriculum and Instruction)**

Crete-Monee School District 201U personnel will review parent and teacher questionnaires, previous academic records, and assessment results. Based on that review, a recommendation for or denial of early entry will be submitted to the Assistant Superintendent of Teaching and Learning. The Assistant Superintendent will contact parents to review the results and finalize the decision. (Effective July 1, 2018)
Admission Procedure

All students must register for school each year on the dates and at the place designated by the Superintendent or designee. To be eligible for admission, a child must be 5 years old on or before September 1. Children ages 3 to 21 years with exceptional needs who qualify for special education are eligible for admission.

Parents/guardians of students enrolling in the District for the first time must present:

1. A certified copy of the student’s birth certificate. The school shall promptly make a copy of the certified copy for its records, place the copy in the student’s temporary record, and return the original to the person enrolling the child. Upon the failure of a person enrolling a student to provide a copy of the student’s birth certificate, the Building Principal shall immediately notify the local law enforcement agency and shall also notify the person enrolling the student in writing that, unless he or she complies within 10 days, the case shall be referred to the local law enforcement authority for investigation. If compliance is not obtained within that 10-day period, the Principal shall so refer the case. The Principal shall immediately report to the local law enforcement authority any material received pursuant to this paragraph that appears inaccurate or suspicious in form or content.

2. Proof of residence, as required by Board policy 7:60, Residence.

3. Proof of disease immunization or detection and the required physical examination, as required by State law and Board policy 7:100, Health, Eye, and Dental Examinations; Immunizations, and Exclusion of Students. Parent(s)/guardian(s) are encouraged to have their child undergo a dental examination.

The individual enrolling a student shall be given the opportunity to voluntarily state whether the student has a parent or guardian who is a member of a branch of the U. S. Armed Forces and who is either deployed to active duty or expects to be deployed to active duty during the school year. Students who are children of active duty military personnel transferring will be allowed to enter: (a) the same grade level in which they studied at the school from which they transferred, if the transfer occurs during the District’s school year, or (b) the grade level following the last grade completed.

Homeless Children

Any homeless child shall be immediately admitted, even if the child or child’s parent/guardian is unable to produce records normally required for enrollment. Board policy 6:140, Education of Homeless Children, and its implementing administrative procedure, govern the enrollment of homeless children.

You are considered homeless if you live in a shelter or motel, share housing because you lost your housing for economic reasons, live in a campground, car, old building, temporary shelter, or you do not have a permanent address. You have the right to:

- Enroll your child in school immediately.

**Student Transfers To and From Non-District Schools**

A student may transfer into or out of the District according to State law and procedures developed by the Superintendent or designee. The Superintendent is delegated all authority granted to the Board of Education in order to implement this policy, subject to specific Board action to the contrary. A student seeking to transfer into the District must serve the entire term of any suspension or expulsion, imposed for any reason by any public or private school, in this or any other state, before being admitted into the School District.

**Foreign Students**

The District accepts foreign exchange students with a J-1 visa and who reside within the District as participants in an exchange program sponsored by organizations screened by administration. Exchange students on a J-1 visa are not required to pay tuition.

Privately sponsored exchange students on an F-1 visa may be enrolled if an adult resident of the District has temporary guardianship as outlined in policy 7:60, *Residence* and the student lives in the home of that guardian. Exchange students on an F-1 visa are required to pay tuition at the established District rate. F-1 visa student admission is limited to high schools and attendance may not exceed 12 months.

The Board of Education may limit the number of exchange students admitted in any given year. Exchange students must comply with District immunization requirements. Once admitted, exchange students become subject to all District policies and regulations governing students.

**Re-enrollment**

Re-enrollment shall be denied to any individual 19 years of age or above who has dropped out of school and who could not earn sufficient credits during the normal school year(s) to graduate before his or her 21st birthday. However, at the Superintendent’s or designee’s discretion and depending on program availability, the individual may be enrolled in a graduation incentives program established under 105 ILCS 5/26-16 or an alternative learning opportunities program established under 105 ILCS 5/13B-1 (see 6:110, *Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program*). Before being denied re-enrollment, the District will offer the individual due process as required in cases of expulsion under policy 7:210, *Expulsion Procedures*. A person denied re-enrollment will be offered counseling and be directed to alternative educational programs, including adult education programs that lead to graduation or receipt of a GED diploma. This section does not apply to students eligible for special education under the Individuals with Disabilities in Education Act or accommodation plans under the Americans with Disabilities Act.
Emergency Phone Contact

In any school emergency, parents are immediately notified. The State of Illinois requires parents to provide a working telephone number of two responsible adults to be contacted when parents are not available.

Parents not eligible for a Fee Waiver may establish a payment schedule with the school if they are unable to pay the entire fee at registration. Medical examinations shall be performed by a physician licensed to practice medicine in all of its branches, or an Advanced Practice Nurse, or Physician’s Assistant, and recorded on the State of Illinois Certificate of Child Health Examination form. Sports physical forms are not acceptable for this requirement. Examinations shall be conducted within one year prior to the date of first entry into:

1. Pre-K
2. Kindergarten
3. Sixth grade
4. Ninth grade
5. Enrolling in an Illinois school for the first time, regardless of grade

Dental examinations shall be performed by a licensed dentist, and recorded on the Proof of School Dental Examination form. Examinations shall be conducted within 18 months prior to May 15 of the year your child enters:

1. Kindergarten
2. Second grade
3. Sixth grade

Immunizations and screenings against preventable communicable diseases are required per Department of Health rules at the above intervals and/or as specified. All requirements are due by the first day of school. As of 2016-2017 school year, all 6th grade students must show evidence
of receiving one MCV4 (meningococcal vaccine) and 12th grade students must show evidence of receiving two MCV4 (meningococcal vaccine).

Detailed information on required vaccines can be found in “School Health Guidelines” and the District website.

**Vision** examinations shall be performed by an optometrist or ophthalmologist, and recorded on the appropriate State of Illinois Proof of Vision Examination Form. Examinations shall be conducted within one year prior to the date of first entry into Kindergarten or first entry into an Illinois school, and submitted to the school on or before the first day of school.

A student may be exempted from this policy’s requirements on **religious** grounds if the student’s parents/guardians present to the Superintendent or designee a signed Certification of Religious Exemption explaining the objection, which as of 10/16/15 shall be signed by a health care provider that they have provided education to the parents or legal guardians about the benefits of immunizations and the health risks of not vaccinating students. A student may be exempted from immunizations on **medical** grounds if a physician provides a written verification on the examination form. All statements of medical exemption must be approved by the Illinois Department of Public Health.

**Homebound Services**

Homebound services may be provided to a student if that student has a medical condition and will be out of school for a minimum of 10 consecutive days or more, or on an intermittent basis due to medical treatment following 10 consecutive days of absence. (Pregnancy does not automatically qualify for homebound services). For homebound services to take place, a conference to determine eligibility must be held with the appropriate school administrator. If it is determined Homebound Services is the best option, parents will be given next steps which will include a Medical Certification Form to be completed by the parent and physician overseeing the child’s medical needs. (Students on homebound services are not allowed to take Driver’s Education and/or Behind the Wheel or participate in after school activities).

**Care of Students With Diabetes**

The Illinois legislature enacted the *Care of Students with Diabetes Act* (“Act”) effective December 1, 2010 (105 ILCS 145/1 et. Seq). The Act **requires a parent or guardian** to submit a Diabetes Care Plan to the school for any student who seeks assistance with diabetes care in the school setting or who has been managing his or her diabetes care in the school setting.

Under the Act, specific information must be provided in the Diabetes Care Plan such as physician instructions for the student’s diabetes management and designation of appropriate school staff who will provide and supervise services for the student. Therefore, parents and guardians are encouraged to collaborate with the student’s physician and school personnel in the creation of the plan.

**The Diabetes Care Plan must be submitted to the school at the beginning of each school year,** upon enrollment, as soon as practical following a student’s diagnosis, or when a student’s care needs
change during the school year. It is the parent or guardian’s responsibility to inform the school in a timely manner of any changes to the Diabetes Care Plan recommended by the student’s physician.

In addition to the Diabetes Care Plan, parents must also complete forms provided by the school district regarding authorization for the administration of medication and authorization for designated district representatives to communicate directly with the student’s physician regarding the necessary management of the student’s diabetes. Failure to do so may result in a welfare safety call to the Department of Children and Family Services (DCFS).

To assist the school district in safely transporting the student, the Act also requires that an information sheet be provided to any school employee who transports a student for school-sponsored activities. The information sheet identifies potential emergencies that may occur as a result of the student’s diabetes and the appropriate responses to such emergencies. Parents must assist the district in the completion of the transportation information sheet by providing the information and authorizations necessary to complete the form. To begin the process of completing the Diabetes Care Plan and other required documents, the parent or guardian must contact the student’s building principal.

**Life-Threatening Food Allergy Management Program**

The District has implemented a policy for managing students with life-threatening food allergies (Board Policy 7:285 Food Allergy Management Program). If your student has a life-threatening food allergy, you must inform the building principal, classroom teacher, Director of Food Service, and submit the necessary health information and medication authorization forms to the school. A meeting will then be scheduled to review the health information submitted by the student’s physician, assess the student’s allergy management needs and develop an individual healthcare plan and emergency action plan for the student. An individual healthcare plan indicates the steps the school will take to accommodate the individual needs of the student with a life-threatening food allergy in school and at school-related activities. The accommodations provided in an individual healthcare plan will depend on the age of the student, the allergens involved and the facilities at the school. An emergency action plan indicates the specific treatment steps school personnel will take if a student has a life-threatening allergic reaction while at school or at a school-related activity.

**Communicable Diseases**

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

- Parents are required to notify the school nurse if they suspect their child has a communicable disease
- In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian
- The school will provide written instructions to the parent and guardian regarding procedures for the communicable disease
• A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student’s doctor stating that the student is no longer contagious or at risk of spreading the communicable disease

COVID-19 Pandemic Emergency Procedures

As directed by ISBE, all individuals in school buildings, including all public and nonpublic schools that serve students in pre-kindergarten through grade twelve (12), must wear face coverings at all times unless they are younger than two (2) years of age; have trouble breathing, or are unconscious, incapacitated, or otherwise unable to remove the cover without assistance. Face coverings must be worn at all times in school buildings, buses, and school properties even when social distancing is maintained. Students will need to provide a signed doctor’s note if the student is unable to wear a mask due to trouble breathing. In the event that a student is unable to wear a face mask, the student will participate in full-time remote learning, unless otherwise stated in an IEP, 504, or other legally mandated individual learning plan.

Head Lice

The school will observe recommendations of the Illinois Department of Public Health and district policy regarding head lice.

• Parents are required to notify the school if they suspect their child has head lice
• Infested students will be sent home following notification of the parent or guardian
• The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation
• A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by designated school personnel and the child is determined to be free of the head lice and eggs (nits)

Medications at School

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student’s health and well-being. When a student’s licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a “Student Medical Authorization Form.” This form can be found in the school office and on the district website.

No school or district employee is allowed to administer medication to any student, or supervise a student’s self-administration of any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student’s parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for immediate use at the student’s discretion, provided the student’s parent/guardian has
completed and signed an Authorization for Student Self-Medication Form. Specific procedures will be determined on a case by case basis. The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student’s self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel.

A student’s parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student’s self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

**CAFETERIA**

**Cafeteria Services**

Students may choose to bring breakfast and lunch from home or participate in the breakfast/lunch program. A complete breakfast and lunch is available in every school to every student. Meals consist of a combination of hot and cold foods prepared to meet two-thirds of the minimum daily nutritional requirements for good health, as established by the U.S. Department of Agriculture under the National School Lunch Act. Students are urged to eat breakfast and lunch each day, thereby assuring themselves of at least two well-balanced meals daily. **NOTE:** Please report all life-threatening food allergies your child may have to the building principal, teacher, and Director of Food Service.

Menus are available in all school offices and on the District website under the Food Service tab.

**Summer Lunch Program:** Food Service has a Summer Lunch Program in the CM 201-U schools that offer summer school classes.

**Cafeteria Conduct**

Food Service Staff is part of district personnel and have the same authority as other staff of CM 201-U. Students are expected to be respectful at all times, report to their designated lunch area at the appropriated time, present ID to staff, remain in the cafeteria for the duration of the individual lunch hour, handle all food properly, maintain indoor voices, keep lunch accounts in a positive status, and put away all electronic devices as outlined in policy 7:193. This includes, but is not limited to, the wearing of In-Ear-Monitor(IEM)/Intra-Concha devices, behind-the-neck device, over-the-ear device, on-the-ear device, wireless/cordless devices, clip-on devices, devices used to sync by Bluetooth, recording others without their permission, the ringing of a telephone, or any other audible alerts emitted from the device.
TRANSPORTATION

Transportation Services

Every student who rides a bus is assigned a bus route and bus stop. This assignment is made according to where the child lives and how many students must be transported. Students will only be routed to and from the bus stop.

Students should arrive to their designated bus stop at least 10 minutes early each day. While waiting for the bus, students are not to stand in the road, shall not make any gestures to passing cars, and shall not display inappropriate behavior. Bus drivers are instructed not to wait for students that are late since waiting will cause the driver to be late to other stops and eventually late arriving to school. Only regular students and authorized personnel are permitted to ride the school bus.

Please be advised that Kindergarten students will not be dismissed from the bus unless there is someone home to receive them. It is also strongly recommended that supervision be available for students in grades 1-5 when they get off the bus.

For student transportation information, or to make special arrangements or address changes concerning your child's transportation, please contact the school that your child attends. DO NOT call the bus company—all changes MUST go through your school office.

Changes made during the course of the school year or families new to the route will take up to a minimum of 3 days to become effective. Parents will be required to provide transportation for the student to and from school during this time.

Parents or legal guardians, who provide transportation to and from school, because free transportation was not available for their students, may be eligible to pay for transportation if there is room available and it does not interfere with the normal routine of the bus. Payment must be made in advance.

In order to achieve our goal of safe and prompt transportation, students, parents, teachers, and administrators must work together to ensure appropriate student behavior. The bus driver will notify the school of bus rule violations and the parent/guardian will be notified. Any behaviors that are considered disruptive and jeopardize the safety of those riding the bus may result in loss of bus riding privileges.

Parking

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police at the owner’s expense. Please adhere to all posted signs including designated parking and pick-up spots.
ATTENDANCE & TRUANCY

Attendance

State law requires that any person having a child under their control who is between the ages of 6 and 17, shall cause the child to regularly attend school except for listed exceptions (IL School Code Sec. 26-1).

The state law now also requires the parent or guardian of a child who is enrolled in a 5-year-old kindergarten class to cause the child to attend school regularly until the end of the school term. (IL School Code Sec. 26-2, enrolled pupils not of compulsory school age).

Our school district will refer a child to a truancy court to face an allegation of truant conduct in certain circumstances. Such circumstances exist if a child fails to attend school without excuse on a prescribed number of days.

The school in which the child is attending is required to make the referral to the District Truancy Coordinator for processing to the Will County Regional Office of Education “within 10 school days after the student’s 9th absence.”

Definitions

Truant - A child who is subject to compulsory school attendance and who is absent without valid cause for more than one percent (2 unexcused days) but less than five percent (9 unexcused days) or more of the current 180 regular attendance days.

Chronic or Habitual Truant - A child who is subject to compulsory school attendance and who is absent without valid cause for 5% (9 days) or more of regular 180 regular attendance days

Chronic Absenteeism - Illinois law defines “chronic absentee” as a student who misses 10 percent of school days or 18 days of an 180-day academic school year with or without a valid excuse.

Home Visit – A physical attempt to contact the family regarding any student whose name is turned over to the Truancy Coordinator by school personnel to ascertain reasons for absences and/or residency status. If attendance does not improve after a home visit, court proceeding will be initiated.

Truancy Officer – District employee that aid school personnel in interpreting and enforcing compulsory attendance laws and resolving truancy, excessive absences, and tardy problems. This individual can be directed as designee to serve as district liaison to parents, law enforcement agencies, and court personnel.

Attendance Minute Requirement

Absences are defined by the number of instructional minutes students are in attendance. Lunch and passing periods are not considered instructional minutes.

Kindergarten and 1st Grade

240 Instructional Minutes = Full Day of Attendance
120-239 Instructional Minutes = Half Day of Attendance

0-119 Instructional Minutes = Full Day Absence

**Grades 2-12**

300 Instructional Minutes = Full Day of Attendance

150-299 Instructional Minutes = Half Day of Attendance

0-149 Instructional Minutes = Full Day Absence

**Valid Cause for Absence**

A child may be absent from school because of illness, observance of a religious holiday, death in the immediate family, family emergency, situations beyond the student’s control or such other circumstances which cause reasonable concern to the parent for the safety or health of the student. A student’s parent(s)/guardian(s) must:

A. Upon their child's enrollment, provide working telephone numbers to registrar and update it as necessary.

B. Authorize all absences and notify the school in advance or at the time of the child’s absence.

C. Student will have 48 hours, (2) school days, to clear an unexcused absence.

D. Absences explained by a parent/guardian note that exceed three days without a doctor’s note will not be considered as excused.

E. Any other reason for absence not included in excused absences, nor approved by an administrator will be considered unexcused.

**Absence Notification**

A student’s parent(s)/guardian(s) must: (1) upon their child’s enrollment, provide working telephone numbers to the building registrar and update it as necessary, and (2) authorize all absences and notify the school in advance or at the time of the child’s absence.

If a student is absent without prior authorization by the parent/guardian(s), parents will receive an automated message from their child’s school attendance office. Students with an absence will be allowed to make up work for equal value upon request of the student or guardian. Student will be allowed up to one (1) day for every day the student is absent from school.
ATTENDANCE & TRUANCY

Excused Absence Criteria:

A. Parent/guardian note verifying illness for son/daughter. After, three consecutive days of absence a doctor’s note is required.

B. Doctor’s appointments during school hours will require a verification of the appointment. Student will be required to secure a written excuse from the physician.

C. Funeral that requires traveling and absences more than three days shall be discussed with building principal or designee to be excused. Also, verification will be needed.

D. One college day for juniors and two college days for seniors with proof from the college attended.

E. Court appearances for the student.

F. Family emergencies that do not exceed two days.

G. Absences due to extenuating circumstances beyond the student’s control shall be discussed and approved by the building Principal designee.

J. Voting in State and Federal Elections.

Unexcused Absence Criteria:

An unexcused absence is when a student miss school for reasons defined under Illinois School Code. Some identified unexcused absence are as follows:

A. Returning to school without a note from parent/guardian or without prior notification (phone call or note) of absence; student will have 48 hours (2) school days to clear absence.

B. Overslept

C. Missing the bus

D. Staying home to take care of a family member

Tardy to School

Tardy to school is a student who is not on the school campus when the tardy bell rings. Regular school attendance promotes school success and is required by Illinois law. Tardies can contribute to difficulties in learning and cause added stress to students. Tardies will start over at the end of each quarter.

In cases where students are late, the district will not penalize students if their parents/guardians call the school before the end of that school day. If the tardiness becomes habitual, building administrators or designee will meet with parents/guardians to determine the cause and then begin interventions to assist the child and/or family. Intentional tardiness is considered truancy.
Tardies ultimately equal unexcused absences from school. Once a student reaches four (4) or more unexcused absences, the parent/guardian will be sent a letter regarding truancy.

**Tardy to Class**

Students that arrive to class late without a valid pass disrupt the educational flow of the classroom. Students are strongly encouraged to arrive to class on time to benefit from beginning to end instruction. Students are considered tardy to class if they arrive after the start of class (after tardy bell). Students that are habitually late to class may be subject to discipline. Tardies will start over at the end of each quarter.

**Early Sign-outs**

The early release of students causes disruption to the academic performance of all students and may create safety and security concerns. Compulsory attendance law requires students to remain in school for the entirety of the school day. Students are not allowed to be checked out of school early unless it is for one of the reasons listed under “Valid Cause for Absence.” Students with a valid reason for early checkout must be signed out in the school office by the parent/guardian, person authorized by parent/guardian, or student if he/she is 18 years of age. Persons checking a student out must show a picture ID. Early checkouts will be listed as unexcused until proper documentation is received. Early checkouts factor in attendance calculations the same as tardies to school. No student shall be released within the final 60 minutes of the school day unless authorized by the principal or principal’s designee (i.e., emergency, sickness).

**Student Employment**

The Superintendent or designee shall develop procedures and present them to the Board of Education for its approval for excusing students from attendance those students necessarily and lawfully employed.

**Truancy**

The School District will determine if the student is a truant, chronic or habitual truant, or a truant minor. The district truancy coordinator, truancy officer, Superintendent or designee shall direct the appropriate School District staff to discuss supportive resources to assist with truancy such as:

- Parent-teacher conferences
- Student and/or family counseling
- Information about community agency services
- Truancy Coordinator/Truancy Officer
  - Regional Office of Education
  - Juvenile Authorities
  - Medical Personnel
ATTENDANCE & TRUANCY

If truancy continues after resources have been offered, the building principal shall refer the matter to the Truancy Coordinator or designee. Either may call upon the resources of outside agencies such as: the juvenile officer of the local police department or the Regional Office of Education. The school board, superintendent, school district administrators, and/or teachers shall assist and furnish truant student information as they have to aid truancy officials in intervening in truant cases. Truancy could result in legal consequences, and/or fines, or both.

New Programs

Crete-Monee School District 201-U believes student attendance has a direct link to student achievement. To help address the issues surrounding student attendance, the district is establishing new programs that will be implemented over the next year. The goal is to address absences and/or tardies that can result in truancy. The below programs will have committees that consist of students, building administrators, parent/guardian(s), community resources, and central office administration. The goal is to address barriers that lead to student absence/truancy. This will not take the place of interventions provided by school staff. More information will be provided as the programs fully develop.

Student Attendance Committee (SAC) - This Committee is established at the school level for the purpose of establishing awareness throughout the school and is led by students. The Truancy Officer assigned to that school will select students from the district to be mentors and advocates for school attendance. The truancy officer will oversee the student committee and the program. The committee will be collaborative in nature and set goals involving school attendance, challenges related to attendance, and create student-led programs to address those challenges.

Student Attendance Review Team (SART) - The Student Attendance Review Team is led by building administration or designee. The team is responsible for reviewing data of individual students who are chronically absent, implementing school-based interventions with fidelity, progress monitoring, and documenting outcomes. Data will drive the decisions made regarding interventions and the length of implementation. Key stakeholders such as students, family members, staff, counselors, etc., will be part of this process.

District Truancy Review Board (DTRB) - The mission of the District Truancy Review Board is to help students attend and stay in school. The DTRB will consist of school representation, local social service agency representation, law enforcement representation, and juvenile authority. The DTRB will review truancy cases after all attempts at the building level have been made. This will be the District’s final attempt to connect families to appropriate and available resources to assist with attendance and truancy issues. If this attempt is unsuccessful due to student/family failure to comply, the district will move forward with providing proper authorities with data to support a court review which could lead to court action, and/or fines, or both.

GRADING & PROMOTION

School report cards are issued to students at the end of each grading period. For questions regarding grades, please contact the classroom teacher.
The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance. The principal has the responsibility to make a final determination on grading and/or retention.

Promotion of a student having an Individual Education Program (IEP) or receiving reasonable accommodations pursuant to Section 504 of the Rehabilitation Act shall be determined by the student’s educational team.

**High School Graduation Requirements**

High School graduation requirements are contained in Board of Education policy 6:300 Graduation Requirements. A minimum of 22 credit hours is required for graduation from Crete-Monee School District 201-U. Students are required to successfully complete the following to meet minimum requirements for high school graduation:

- 4.0 credits of English (will also fulfill the writing component)
- 3.0 credits of Math
- 2.0 credits of Science
- 2.0 credits of Social Studies (must include U.S. History)

- 3.5 credits of Physical Education/Driver Education
- 2.0 credits of Fine Arts / Music / Career / Technical / Foreign Language
- 5.0 credits of Electives which may include credit for mandatory intervention courses

**Homework**

The Crete-Monee Board of Education and its staff encourage the use of homework as an integral part of the academic process. Homework promotes and reinforces learning outside the classroom, and assists in developing independence in study skills and developing a sense of individual responsibility. You help your child when you:

- Check each day to see if your child has a homework assignment and if he/she understands how to do it
- Schedule a specific and uninterrupted time for doing the homework
- Provide a quiet place for study
- Let your child do his/her own work
- Reinforce what was taught at school
- Check the work to make sure your child completes assignments
- Ask your child to tell you what he/she has been studying or has learned
ATTENDANCE & TRUANCY

- Check to see that all borrowed school materials are returned promptly and in good condition
- Speak with the teacher on a regular basis regarding your child’s performance

Education of Children with Disabilities

It is the intent of Crete-Monee School District 201-U to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term “children with disabilities” means children between ages 3 and the day before their 22nd birthday for which it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services. A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the school district central office.

Exemption from Physical Education (PE) requirement

(Policy 7:260 Exemption from Physical Education)

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

Special activities in physical education will be provided for students whose physical or emotional condition, as determined by a person licensed under the Medical Practice Act, prevents their participation in the physical education courses.

State law prohibits a school board from honoring parental excuses based upon a student’s participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or

2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student’s participation as required by the Superintendent or designee.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. This paragraph applies to student vehicles parked on school property. In addition, Building Principals or designee shall require each high school student, in return for the privilege of parking on school property, to consent in writing to school searches of his or her vehicle, and personal effects therein, without notice and without suspicion of wrongdoing.

The Superintendent or designee may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District policy, school rules, or student code of conduct. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.

When feasible, the search should be conducted as follows:
1. Outside the view of others, including students,
2. In the presence of a school administrator or adult witness, and
3. By a certificated employee, liaison police officer, school resource officer, or police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent.

**Seizure of Property**

If a search produces evidence that the student has violated or is violating either the law or the District’s policies, student code of conduct, or school rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and it does not require a district or school to staff or monitor any nonschool-related activity, function, or program.

The District named officials and all staff members are available for help with a bully or to make a report about bullying. Anonymous reports are also accepted.
1. Consistent with federal and State laws and rules governing student privacy rights, the Superintendent or designee shall promptly inform parent(s)/guardian(s) of all students involved in an alleged incident of bullying and discuss, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.

2. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:
   
a. Making all reasonable efforts to complete the investigation within 10 school days after the date the report of the incident of bullying was received and taking into consideration additional relevant information received during the course of the investigation about the reported incident of bullying.

b. Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed appropriate, in the investigation process.

c. Notifying the Building Principal or school administrator or designee of the report of the incident of bullying as soon as possible after the report is received.

d. Consistent with federal and State laws and rules governing student privacy rights, providing parents and guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the principal or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

The Superintendent or designee shall investigate whether a reported act of bullying is within the permissible scope of the District’s jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.
1. The Superintendent or designee shall use interventions to address bullying, which may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.

2. A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student’s act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

3. A student will not be punished for reporting bullying or supplying information, even if the District’s investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

4. The District’s bullying prevention and response plan must be based on the engagement of a range of school stakeholders, including students and parents/guardians.

5. The Superintendent or designee shall post this policy on the District’s website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must be distributed annually to parents/guardians, students, and school personnel (including new employees when hired), and must also be provided periodically throughout the school year to students and faculty.

6. The Superintendent or designee shall assist the Board with its evaluation and assessment of this policy’s outcomes and effectiveness. This process shall include, without limitation:
   1. The frequency of victimization;
   2. Student, staff, and family observations of safety at a school;
   3. Identification of areas of a school where bullying occurs;
   4. The types of bullying utilized; and
   5. Bystander intervention or participation.

The evaluation process may use relevant data and information that the District already collects for other purposes. The Superintendent or designee must post the information developed as a result of the policy evaluation on the District’s website, or if a website is not available, the information must be provided to school administrators, Board members, school personnel, parents/guardians, and students.

1. The District’s bullying prevention plan must be consistent with other Board policies.

■ 7:185 Teen Dating Violence Prohibited

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. 5. Notifies students and parents/guardians of this policy.

7:190 Student Behavior

**When and Where Conduct Rules Apply**

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student’s conduct is reasonably related to school or school activities, including, but not limited to:

2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling by bus or school provided transportation to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member or student; or (b) endanger the health or safety of students, staff, or school property.

**Prohibited Student Conduct**

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including but not limited to, electronic cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:
   a. Any illegal drug or controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under *Ashley’s Law*).
   b. Any anabolic steroid unless it is being administered in accordance with a physician’s or licensed practitioner’s prescription.

e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student’s use of asthma or other legally prescribed inhalant medications.

h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

4. Using, possessing, controlling, or transferring a weapon as that term is defined in the Weapons section of this policy, or violating the Weapons section of this policy.

5. Using or possessing an electronic paging device. Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student’s individualized education program (IEP); (c) it is used during the student’s lunch period, or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

6. Using or possessing a laser pointer unless under a staff member’s direct supervision and in the context of instruction.
7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member’s request to stop, present school identification, or submit to a search.

8. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.

9. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff member or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, but is not limited to, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment of any kind, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school network, or other comparable conduct.

10. Engaging in any sexual activity, including but not limited to, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.

11. Teen dating violence, as described in Board policy 7:185, Teen Dating Violence Prohibited.

12. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person’s personal property.

13. Entering school property or a school facility without proper authorization.

14. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.

15. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.

16. Being involved with any public school fraternity, sorority, or secret society, and soliciting any other person to join, promise to join, or be pledged to become a member.

17. Being involved in gangs or gang-related activities, including but not limited to, displaying gang symbols or paraphernalia, hazing (initiation) activities of any kind that may include, but not limited to, (a) forcing students to ingest liquids, foods, or foreign matter; (b) incite students to commit acts of violence, and/or assault/battery applied to the body of a student or staff member perpetuated to initiate or humiliate in a group setting.

18. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.

19. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third
parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.

20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.

21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

22. Refusing or failing to wear an appropriate facial cover over the student’s mouth and nose unless exempted by a medical provider during any time said action is required by the District or for eating or drinking.

23. Failing to maintain proper social distancing of a particular distance designated by the District.

For purposes of this policy, the term possession includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board’s authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, but not limited to, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges such as: sports, extra-curricular activities, dances, prom, etc.
4. Temporary removal from the classroom.

5. Return of property or restitution for lost, stolen, or damaged property.

6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.

7. After-school study or Saturday study provided the student’s parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.

8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.

9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.

10. Suspension of bus riding privileges in accordance with Board policy 7:220, Bus Conduct.

11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, Suspension Procedures. A student who has been suspended may also be restricted from being on school grounds and at school activities.

12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, Expulsion Procedures. A student who has been expelled may also be restricted from being on school grounds and at school activities.

13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.

14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), look-alikes, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain
safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school may be expelled for a time period not to exceed 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).

2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including look-a-likes of any firearm as defined above.

3. Illegal drugs, including but not limited to, possessing, distributing, purchasing, selling, or offering for sale any illegal drug or controlled substances. Illegal drugs or controlled substances include but not limited to, marijuana, medical cannabis, look-a-likes, tobacco, inhalants, pills, creams, etc.

The expulsion requirement under either paragraph 1-3 above may be modified by the Superintendent or designee, and the determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy’s prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

**Re-Engagement of Returning Students**

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student’s ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

**Required Notices**

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, Ill. Dept. of State Police (ISP), and any involved student’s parent/guardian.
“School grounds” includes modes of transportation to and from school activities as outlined in this policy (7:190); When and Where Conduct Rules Apply.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent or designee, with input from the Discipline Review Committee, shall review the Student Code of Conduct for consistencies in discipline, rules, and guidelines pertaining to this policy. These disciplinary rules shall be presented annually to the Board.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students’ parents/guardians within 15 days of the beginning of the school year or a student’s enrollment.

7:193 Electronic Signaling and Cellular Communication Devices

Crete-Monee School District understands the implementation of technology in schools, such as cell phones, can be used as learning tools. However, it is a challenge to make sure students are using them for school-related tasks. A cell phone can easily turn from “classroom learning tool” into “classroom disruption” such as texting, cheating, cyberbullying, disconnection from real-world activities, etc.

Students are permitted to possess cellular radio-communication devices, In-Ear Monitor (IEM) devices, Intra Concha devices and/or any other electronic device capable of receiving or sending telephonic messages, electronic messages or text messages while on school property and during school-sponsored functions.

Students are not permitted to use any devices defined in this policy during student attendance days during those periods of time when classes are in session (start of school to the end of school) unless there is a crisis situation within the school which requires communication to obtain emergency services.
Under no circumstances shall a student use or permit a device defined in this policy to be operated in a manner which disrupts the educational process or causes disruption on school grounds or during any school-sponsored functions. This includes, but is not limited to, the wearing of In-Ear-Monitor(IEM)/Intra-Concha devices, behind-the-neck device, over-the-ear device, on-the-ear device, wireless/cordless devices, clip-on devices, devices used to sync by Bluetooth, recording others without their permission, the ringing of a telephone, or any other audible alerts emitted from the device.

No staff member, Building Administration, Central Office Administration, and/or Board of Education Member will be responsible for Electronic Signaling and Cellular Communication Devices that are lost, stolen, and/or left unattended.

**Disciplinary Measures**

Students who violate the policy above will be subject to discipline. Discipline measures may include the following:

- Warning through 3 attendance days out-of-school suspension. In some cases, juvenile or police authorities may be contacted.

**7:220 Bus Conduct**

All students must follow the District’s *School Bus Safety Rules*.

**Student Bus Conduct - COVID 19 and Pandemic Emergency**

Until the pandemic emergency has ended, all students who ride the school bus are required to wear a face covering, unless they meet a face covering exception. Students from the same household will be encouraged to sit together. Otherwise, there should be as much allowed space as possible between each individual on the bus.

**School Bus Suspensions**

The Superintendent, or any designee as permitted in the School Code, is authorized to suspend a student from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Prohibited student conduct as defined in Board of Education policy, 7:190, *Student Behavior*.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the Superintendent or designee deems to threaten the safe operation of the bus and/or its occupants.
The District’s regular suspension procedures shall be used to suspend a student’s privilege to ride a school bus for gross disobedience or misconduct on a school bus. Gross misconduct or repeated disobedience against the rules that govern student behavior on the bus could result in the Board of Education expelling a student from riding the bus for a period of up to one year. Only the Board of Education can expel or suspend a child off the bus in excess of 10 consecutive school days for safety reasons.

**Academic Credit for Missed Classes During School Bus Suspension**

A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student’s parent or guardian to notify the school that the student does not have alternate transportation.

**Electronic Recordings on School Buses**

Electronic visual and audio recordings may be used on school buses to monitor conduct and to promote and maintain a safe environment for students and employees when transportation is provided for any school related activity. Notice of electronic recordings shall be displayed on the exterior of the vehicle’s entrance door and front interior bulkhead in compliance with State law and the rules of the Illinois Department of Transportation, Division of Traffic Safety.

Students are prohibited from tampering with electronic recording devices. Students who violate this policy shall be disciplined in accordance with the Board’s discipline policy and shall reimburse the School District for any necessary repairs or replacement.

**7:270 Administering Medicines to Students**

Students should not take medication during school hours or during school-related activities unless it is necessary for a student’s health and well-being. When a student’s licensed health care provider and parent(s)/guardian(s) believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District’s procedures on dispensing medication.

No School District employee shall administer to any student, or supervise a student’s self-administration of, any prescription or non-prescription medication until a completed and signed *School Medication Authorization Form* (SMA Form) is submitted by the student’s parent(s)/guardian(s). No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

The Building Principal or designee shall include this policy in the Student Handbook and shall provide a copy to the parents/guardians of students.
**Self-Administration of Medication**

A student may possess and self-administer an epinephrine injector, e.g., EpiPen®, and/or asthma medication prescribed for use at the student’s discretion, provided the student’s parent/guardian has completed and signed an **SMA Form**. The Superintendent or designee will ensure an Emergency Action Plan is developed for each self-administering student.

A student may self-administer medication required under a **qualifying plan**, provided the student’s parent/guardian has completed and signed an **SMA Form**. A qualifying plan means: (1) an asthma action plan, (2) an Individual Health Care Action Plan, (3) an Ill. Food Allergy Emergency Action Plan and Treatment Authorization Form, (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act.

The District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student’s self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student’s parent/guardian must indemnify and hold harmless the District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student’s self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

**Administration of Medical Cannabis**

The Compassionate Use of Medical Cannabis Program Act allows a **medical cannabis infused product** to be administered to a student by one or more of the following individuals:

1. A parent/guardian of a student who is a minor who registers with the Ill. Dept. of Public Health (IDPH) as a **designated caregiver** to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student’s parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a **medical cannabis infused product** to a child who is a student on the premises of his or her school or on his or her school bus if:
   a. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
   b. Copies of the registry identification cards are provided to the District;
   c. That student’s parent/guardian completed, signed, and submitted a **School Medication Authorization Form - Medical Cannabis**; and
   d. After administering the product to the student, the designated caregiver immediately removes it from school premises or the school bus.

2. A properly trained school nurse or administrator, who shall be allowed to administer the **medical cannabis infused product** to the student on the premises of the child’s school, at a school-sponsored activity, or before/after normal school activities, including while the student is in before-school or after-school care on school-operated property or while being transported on a school bus.
3. The student him or herself when the self-administration takes place under the direct supervision of a school nurse or administrator.

*Medical cannabis infused product* (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver, or by a school nurse or administrator, or who self-administers a product under the direct supervision of a school nurse or administrator pursuant to this policy is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

**Void Policy**

The Administration of Medical Cannabis section of the policy is void and the District reserves the right not to implement it if the District or school is in danger of losing federal funding.

### 7:290 Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important Board goals.

**Suicide and Depression Awareness and Prevention Program**

The Superintendent or designee shall develop, implement, and maintain a suicide and depression awareness and prevention program that advances the Board's goals of increasing awareness and prevention of depression and suicide. STUDENTS NEED TO KNOW

General Conduct

It is necessary for any school community to establish rules of conduct for its staff and students if it is to achieve its goals. The school environment includes not only the school/district grounds, but also includes attendance and participation in all extracurricular activities and other school-related functions scheduled on or off the school campus, or while riding the school bus. Students have the
following responsibilities, and failure to carry out these responsibilities may result in disciplinary action:

1. It is the responsibility of each student to conduct himself/herself in the classroom in such a manner that does not interfere with his/her own learning or the learning of others in the class.

2. It is the responsibility of each student to attend class on time and to be prepared to participate.

3. It is the responsibility of each student to help keep the building clean; not to litter, mark on or deface school property and community areas.

4. It is the responsibility of each student to respect all staff and other students, and to be honest, polite and friendly. Directions are to be complied with regardless of whether a student is in the classroom, in the halls, in the cafeteria, at extracurricular activities, or at any other location on the school grounds. The perception that “he/she is not my teacher, so why should I listen to him/her” is to be avoided.

5. It is the responsibility of each student to practice the guidelines of health and safety precautions as it pertains to the spread of a pandemic disease (including COVID 19), by properly socially distancing and wearing face masks at all times while on school property.

6. Students are not permitted to smoke in the building or on the school grounds or at school activities. This includes while sitting in your personal vehicle on school grounds.

7. It is the responsibility of each student to keep doorways, hallways, restrooms and stairs clear at all times.

8. It is the responsibility of each student to leave the area in the event a disruption involving students occurs. The student’s mere presence as an onlooker tends to lend support and encouragement to those students causing the disruption.

9. Verbal or physical harassment, bullying, and/or intimidation will not be tolerated while at school. Any student who experiences such a situation shall report the incident to the principal or his/her designee as soon as possible. No student shall try to settle the problem himself/herself by allowing the situation to escalate into a physical confrontation. Parents shall contact building administration.

10. During fire or disaster drills it is the responsibility of each student to move quickly and quietly to the assigned safety areas. Appropriate instructions given by school personnel are to be obeyed. The health and safety of many people depends upon cooperation from students.

11. It is the responsibility of students to observe the same appropriate standards of conduct at extracurricular activities (home or away) as they do at school. Violence, disruptive behavior, involvement with drugs or alcohol at extracurricular activities or on fan buses will result in serious disciplinary action. Such action may include suspension and/or expulsion from school, suspension from attendance and/or participation at future extracurricular activities, and/or police action. Parents may be required to pick up their student at an out-of-town function.
12. Students shall not engage in sexual misconduct which includes but is not limited to; sexual advances, request for sexual favors, exhibit sexually motivated physical/verbal conduct or communications of any sexual nature.

13. All students are entitled to have the opportunity to obtain maximum benefit from their educational experience. Thus, it is necessary to have rules and regulations that provide an educational climate in which learning can best take place. Students who show disrespect for the rights of others and disregard regulations may be subject to disciplinary action, which could include suspension or expulsion. In addition, they may be subject to removal from extracurricular activities and/or positions of leadership (i.e., Student Council, officer of Student Council or class).

**Discipline of Students with Disabilities**

The school and district will comply with the Individuals with Disabilities Education Act (IDEA) and the Illinois State Board of Education’s Special Education rules when disciplining students with disabilities. Behavioral interventions will be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. No special education student shall be expelled if the student’s particular act of gross disobedience or misconduct is a manifestation of his or her disability as determined through a manifestation hearing. Any special education student whose gross disobedience or misconduct is not a manifestation of his or her disability may be expelled pursuant to the expulsion procedures.

**Bus Conduct**

According to School Board Policy, certain misbehavior and misconduct will be grounds for suspension from riding the school buses. It will be the responsibility of the parent/guardian to provide transportation to and from school if this occurs. The behavior includes:

1. Prohibited student conduct as defined in the Student Code of Conduct and Parent Resource Guide
2. Willful injury or threat of injury to a bus driver or to another rider
3. Willful and/or repeated defacement of the bus
4. Repeated use of profanity
5. Repeated willful disobedience of the bus driver’s or other supervisor’s directives
6. Such other behavior as the administration deems to threaten the safe operation of the bus and/or its occupants. *(Please refer to the Rules of the Road Transportation Guideline.)*

Video/audio cameras may be used on school buses as necessary in order to monitor conduct and maintain a safe environment for students and employees.

Students suspended from the school bus who do not have alternate transportation to school shall have the opportunity to complete make up work for equivalent academic credit. It is
the responsibility of the parent/guardian to notify the school that the student does not have alternate transportation.

**Field Trip Conduct**

Field trips are a privilege for students. Students must abide by all school policies and rules during transportation and during field trip activities. Students shall treat all field trip locations as though they are on school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline as these are considered safety violations that could result in harm to students or others.

School Administrators, Central Office Administration, and the Board of Education will not be held accountable for refunds unable to be recovered from a second and sometimes third party due to a student missing a paid field trip as a result of his/her absence or behavior.

All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive permission from parent/guardian
- Behavioral or safety concerns
- Denial from administration (reasons will be discussed with parent/guardian)
- Suspension from school
- Expelled from school
STUDENT APPEARANCE

The attitude and behavior of the student body are sometimes influenced by student appearance. Students are expected to wear clothing in a neat, clean, and well-fitting manner while on school property and/or in attendance at school sponsored activities. Any styles of dress or grooming deemed by the Principal and/or designee that appear to be disruptive to the educational process, or could constitute a threat to the safety or health of a member of the school community, may not be worn.

Students are to use discretion in their dress and are not permitted to wear apparel that disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate, or compromise reasonable standards of health, safety, and decency. Administrators shall have the authority to determine if a student’s attire is inappropriate and may require that the student change into appropriate clothing. Guidelines for appropriate dress/grooming include, but are not limited to, the following:

1. No article of clothing, jewelry, tattoo, or method of grooming may display, advertise, promote, or picture alcoholic beverages, illegal drugs, drug paraphernalia, violent behavior, vulgar language, gestures, sexually inappropriate, disrespectful, or offensive in nature.

2. Student dress (including accessories) may not display lewd, vulgar, obscene, or offensive language or symbols, including gang symbols.

3. No hats or headgear may be worn inside the school building. These items must be removed immediately upon entering the school building, and may not be put on, or carried, until exiting the building at the end of the school day unless cleared by an administrator for religious or medical reasons.

4. Hair styles, dress, and accessories that pose a safety hazard are not permitted in the shop, laboratories, or during physical education.

5. Outdoor apparel such as coats, jackets, sunglasses, outer vests, gloves, and scarves are to be stored in the student’s locker during the regular school day and may not be worn or carried to class.

6. Students are expected to wear all attire properly by keeping appropriate snaps, hooks, buttons, buckles, etc., fastened.

7. Male and female students must be covered from upper shoulder to mid-thigh. Sleeveless tops may be worn as long as the upper shoulder area is covered and undergarments are not visible. Skirts, shorts, skorts, dresses, and slits are to be fingertip length (mid-thigh). Students cannot wear pants or shorts that hang below the natural waist.

8. Students are not to wear clothing that exposes their midriff (stomach), back, or bra straps.

9. Students may not display or wear pocket chains and/or other metal objects that may be unsafe.

10. House shoes, and/or slippers, loungewear, and/or pajamas are not acceptable school attire and are not allowed to be worn to school.
11. Leggings, biker shorts, opaque tights and/or nylons are not to be worn alone. When leggings, tights, biker shorts, etc. are worn they are to be covered by a mid-thigh length garment. Refer to number 7 above regarding length of shorts and skirts.

12. Only school approved book bags are allowed to be carried during the school day. These include large mesh/netting and clear plastic book bags. Large purses are not allowed.

13. If there is any doubt about dress and/or appearance, administration will make the final decision. **Student whose dress causes a substantial disruption of the orderly process of school functions or endangers the health or safety of the student, other students, staff or others may be subject to discipline.**

### Student-Athlete Code of Expectations

#### Athletic Belief Statement

Crete-Monee School District 201-U believes that a quality athletic/extracurricular program is an important part of a student’s educational experience. The district is committed to the ideals of promoting sportsmanship, achievement, integrity, leadership, and team competition. By nurturing and encouraging these ideals, we hope to improve the athletic ability and fitness of every student and instill in them the principles of team-work and lifelong fitness. Students who wish to participate in school sponsored athletic programs or extracurricular activities are subject to the Code of Expectations and the Student Code of Conduct & Parent Resource Guide. The Athlete Code of Expectations may address conduct beyond that is applicable to students in general. To further the expectations, purpose, and integrity of all athletic or other extracurricular activities, this expectation is in affect during the regular school day and during school-related activities both at school or away.

#### Athletic Mission Statement

The athletic mission of Crete-Monee School District 201-U is to educate students to be critical thinkers and active learners, to challenge students to fulfill their potential, and to prepare students to contribute positively to society. Students and staff will: • **Respect** their physical environment and all members of the school community. • **Focus** on the knowledge and skills necessary for academic achievement. • **Claim** success and work hard to achieve it. • **Demonstrate** responsibility for their words and actions • **Solve** problems and learn from mistakes in order to improve consistently. • **Work** together to maintain a safe and orderly environment conducive to learning.

**When and Where Conduct Rules Apply:** The Code of Expectations is a year-round commitment and applies to the student’s entire athletic and extracurricular career, which might involve recognition of conduct both at school and off school grounds. Applicable penalties/discipline will
be applied whenever the conduct is discovered. School administration reserves the right to fully
investigate conduct that potentially violates the Athletic Code of Expectations and/or Student
Code of Conduct & Parent Resource Guide whenever evidence is acknowledged. The grounds for
disciplinary action also applies whenever the student’s conduct is reasonably related to school or
school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a
   reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, the conduct interferes with, disrupts, or adversely affects the school environment,
   school operations, or an educational function, including but not limited to, conduct that may
   reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or
   (b) endanger the health or safety of students, staff, or school property.

**Academic Achievement:** Extracurricular activities are open to all full-time students; however,
students must attend school in the boundary where they actually live. IHSA and IESA sanctioned
sports may impose additional standards. IHSA rules require a student to pass 5 of 6 classes per
quarter. In addition, a student is only eligible to participate in IHSA sanctioned athletics during
the first four years of high school. Once high school has begun, a student has eight semesters to
complete eligibility. A student whose 20th birthday occurs prior to or on the scheduled date of the
IHSA state finals in a sport shall be ineligible.

IESA rules (scholastic sports) apply to grades 5 through 8 and require students to be doing passing
work. Schools that will include but is not limited to, weekly grade checks to ensure eligibility. (See
athletic director or coach for additional information on IHSA/IESA related qualifications, guidelines,
and/or rules.)

**Attendance:** One half day of school attendance is required for participation in practices, matches,
or performances for all extracurricular activities and/or athletic programs held that day. Exceptions
include attendance at funerals, required court appearances, college visitation, etc. Any participant
suspended (out-of-school), on social probation, or suspended pending expulsion from school will
not be allowed to practice, compete or participate. When a student is absent from school for more
than three (3) days, a doctor’s note must be received before participation in athletic programs may
resume.

Students involved in athletic/extracurricular activity will be subject to the following expectations:

**It is expected** that the individual rights of all will be respected and all teammates and participants
treated equally. Hazing, harassment, including but not limited to verbal, physical or sexual
harassment, intimidation or initiation of athletes or participants in extracurricular activities will not
be tolerated.

**It is expected** that athletes and participants in extracurricular activities will not possess, use,
consume or be under the influence of tobacco products, alcohol, controlled substances or related
paraphernalia. Substance abuse poses an immediate threat to students. Students will be referred to
a program at the families’ expense as a pro-active approach to a drug-free school and the students’ well-being. Violation of these expectations, including detection, will result in disciplinary action.

It is expected that athletes and participants in extracurricular activities will adhere to standards of decorum and behavior at the highest level as representatives of Crete-Monee School District 201-U. Theft, acts of violence, fighting, poor classroom behavior, conduct unbecoming, and unlawful conduct will not be tolerated. Students displaying this type of conduct will be discipline accordingly; including but not limited to suspension and/or law enforcement involvement.

It is expected that athletes and participants in extracurricular activities will follow rules established for that activity, including but not limited to, those regarding tardiness to team or activity meetings, absences from practice, events, or meetings, disrespect to staff, coach or activity sponsor, acts of unsportsmanlike conduct, and verbal abuse of others involved in the activity whether same or opposing teams.

It is expected that during any athletic season, an athlete will only participate on one team (unless mutually agreed upon by the two head coaches involved). If an athlete quits a sport once games have started, that athlete will not be allowed to participate (either at practice or in competition) for any other Crete-Monee School District 201-U team during that season. An athletic team has completed its season when that team has advanced one week into tournament play. This rule can be waived at the coach’s discretion. An athlete must finish the season in good standing in order to letter, attend banquets, and receive athletic awards.

Uniforms and equipment must be returned and other obligations must be met before participating in the next sport. Uniforms and/or equipment not returned will result in a charge for the cost of replacing the item(s) and will be the sole responsibility of the parent/guardian(s).

It is expected that all athletes and participants in extracurricular activities will use transportation provided by the school. Not riding with the team/group should only be done in a family emergency or a situation where undue hardship is caused by traveling with the team/group. In order for an athlete/participant to travel to or from an event by means other than the team/group transportation, he/she must bring a note signed by a parent/guardian stating with whom the athlete/participant will travel. If not, the athlete/participant will only be released to his/her parent/guardian. Friends, or other students ARE NOT ACCEPTABLE as travel alternatives. This note must be in the athletic office and with the activity sponsor, as applicable no less than 24 HOURS PRIOR TO THE TRIP.

**Offenses/Discipline**

**Combination of Offenses:** Any combination of violations may result in at least 50% loss of season/extracurricular activity term; multiple violations may result in permanent expulsion from athletic/extracurricular participation.

**Carry over Penalty:** An athlete/extracurricular activity participant must complete the entire season/activity periods in which there is a penalty assessed in order to complete his or her suspension. Example: A fall athlete gets caught with a violation in January. The athlete decides to go out for a spring sport to serve the 33% penalty. After 5 contests the athlete quits the team. It would not count for completion of the penalty.
Penalty Assessment: The method used to determine the number of games for a suspension will be varsity total games allowed for a sport. Varsity scrimmages will be counted. Penalty will use scheduled games whether played or cancelled and any calculated suspension of .5 (1/2) contests or more will be rounded up.

Practice/Travel While Suspended: Students that are suspended out-of-school will not be allowed to practice, participate, and/or travel with the team/group.

Parent Assistance: Any parent seeking help or assistance involving his/her child’s use of drugs, alcohol, or tobacco, prior to a report or investigation by the school or law enforcement, should contact school administration. As a result, the athlete/participant may receive a lesser consequence. This consequence may include, but is not limited, to an athletic/participation suspension, out-of-school suspension, in-school supervision, counseling, and/or community service. Discipline is at the discretion of the administrator.

Self-Reporting: Athletes and extracurricular activity participants are encouraged to seek help and to self-report substance abuse. An athlete or participant can reduce the penalty for a first offense if he/she (1) reports the conduct to the Athletic Director, Head Coach, Sponsor or Administrator prior to the school’s investigation of the conduct and (2) the student successfully completes a substance abuse program. Reduction of penalty through self-reporting can only be implemented on a first offense. Resource Guides are available at all Crete-Monee School District 201-U Schools and at the back of your child’s Student Code of Conduct and Parent Resource Guide. Any counseling services will be at the expense of the parent or guardian.

Counseling: An athlete/extracurricular activity participant who did not self-report and who is found to have violated the Athlete Code of Expectations for the first time will be offered the opportunity to reduce his/her penalty by the successful completion of a substance abuse program. Resource Guides are available at all Crete-Monee School District 201-U Schools and at the back of your child’s Student Code of Conduct and Parent Resource Guide. Any counseling services will be at the expense of the parent or guardian. Reduction of penalty through counseling can only be implemented on a first offense. Students are still subject to disciplinary action as outlined in the Student Code of Conduct and Parent Resource Guide.
GENERAL PROCEDURES

1. Students may be disciplined in any manner provided in this handbook.

2. Teachers may remove disruptive students from the classroom by sending them to the office or another teacher’s classroom. The building administrator will develop a procedure for handling disruptive students when he or she is away from the building.

3. School personnel may use reasonable physical force to restrain a student for the following reasons:
   - to defend or protect staff from the student
   - to defend or protect other students
   - to prevent or stop fights
   - to prevent damage to the property of the district
   - to remove a student from any location, room or assembly where his/her continued presence creates a risk or threat of physical harm to himself/herself or others

EXPULSION PROCEDURES AND NOTIFICATION

The Superintendent or designee shall implement expulsion procedures that provide, at a minimum, for the following:

1. Before a student may be expelled, the student and his or her parent(s)/guardian(s) shall be provided a written request to appear at a hearing to determine whether the student shall be expelled. The request shall be sent by registered or certified mail, return receipt requested. The request shall include:
   a. The time, date, and place for the hearing.
   b. Briefly describe what will happen during the hearing.
   c. Detail the specific act of gross disobedience or misconduct resulting in the decision to recommend expulsion.
   d. State that the School Code allows the School Board to expel a student for a definite period of time not to exceed two calendar years, as determined on a case-by-case basis.

2. Unless the student and parent(s)/guardian(s) indicate that they do not want a hearing or fail to appear at the designated time and place, the hearing will proceed. It shall be conducted by the School Board or a hearing officer appointed by it. If a hearing officer is appointed, he or she shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate.

3. During the expulsion hearing, the Board or hearing officer shall hear evidence concerning whether the student is guilty of the gross disobedience or misconduct as charged. School
SUSPENSION PROCEDURES AND NOTIFICATION

officials must provide: (1) testimony of any other interventions attempted and exhausted or of their determination that no other appropriate and available interventions were available for the student, and (2) evidence of the threat or disruption posed by the student. The student and his or her parent(s)/guardian(s) may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student shall not be expelled. After presentation of the evidence or receipt of the hearing officer’s report, the Board shall decide the issue of guilt and take such action as it find appropriate.

4. If the Board acts to expel the student, its written expulsion decision shall:
   a. Detail the specific reasons why removing the student from his or her learning environment is in the best interest of the school.
   b. Provide a rationale for the specific duration for the recommended expulsion.
   c. Document how school officials determined that all behavioral and disciplinary interventions have been exhausted by specifying which interventions were attempted or whether school officials determined that no other appropriate and available interventions existed for the student.
   d. Document how the student’s continuing presence in school would (1) pose a threat to the safety of other students, staff, or members of the school community, or (2) substantially disrupt, impede, or interfere with the operation of the school.

5. Upon expulsion, the District may refer the student to appropriate and available support services.

SUSPENSION PROCEDURES AND NOTIFICATION

Out-of-School Suspension

The Superintendent or designee shall implement suspension procedures that provide, at a minimum, for each of the following:

1. A conference during which the charges will be explained and the student will be given an opportunity to respond to the charges before he or she may be suspended.

2. A pre-suspension conference is not required, and the student can be immediately suspended when the student’s presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as possible.

3. A documented attempt to contact the student’s parent/guardian(s).

4. Written notice of suspension to the parent(s)/guardian(s) and the student, which shall include:
   a. Notice to the parent(s)/guardian(s) of their child’s right to a review of the suspension;
   b. Detail the specific act of disruption or egregious conduct resulting in the decision to suspend;
c. Provide rationale or an explanation of how the chosen number of suspension days will address the threat or disruption posed by the student or his/her act of egregious conduct.

5. Upon request of the parent(s)/guardian(s), a review of the suspension shall be conducted by the Board or a hearing officer appointed by the Board. At the review, the student's parent(s)/guardian(s) may appear and discuss the suspension with the Board or its hearing officer and may be represented by counsel. After presentation of the evidence or receipt of the hearing officer's report, the Board shall take such action as it finds appropriate.

SPECIAL EDUCATION GENERAL PROCEDURES AND DISCIPLINARY ACTIONS

The District shall comply with the provisions of the Individuals With Disabilities Education Act (“IDEA”) when disciplining students.

- No special education student will be expelled if the student’s particular act of gross disobedience/misconduct is a manifestation of his disability. Any special education student whose gross disobedience/misconduct is not a manifestation of his disability may be expelled pursuant to Expulsion Procedures, except that such disabled student shall receive educational services as provided in the IDEA.

- A special education student may be suspended for an aggregate of ten (10) days of school per school year, regardless of whether the student’s gross disobedience/misconduct is a manifestation of his disabling condition, except that such student shall receive educational services in accordance with the IDEA.

- Any special education student who has or will exceed ten (10) days of suspension may be temporarily excluded from school by court order or by order of a duly appointed State of Illinois hearing officer if the exclusion is warranted because maintaining the student in his current placement is substantially likely to result in injury to himself or others.

- A Special Education student who has carried a weapon to school or to a school function or who knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function may be removed from his current placement and placed in an appropriate interim alternative educational setting for no more than 45 days in accordance with the IDEA.

Special Education Suspension Procedures

1. All suspension notices and suspension review procedures set forth under Suspension Procedures must be followed in suspending a special education student. In addition, a special education student who is suspended from school shall receive educational services in accordance with the IDEA.

2. The parents/guardians shall be informed in writing that they may request a case study evaluation or a due process hearing pursuant to the Special Education Rules and Regulations and the procedural safeguards of the IDEA.

3. No later than ten (10) school days after the decision to suspend the student for an aggregate of 10 or more days, the District shall convene a meeting to review the relationship between the
student’s disability and the behavior subject to the disciplinary action, in accordance with the provisions described in Paragraphs 2 – 4 below. In addition to reviewing whether the conduct is a manifestation of the student’s disability, the team shall also review and, if appropriate, modify the student’s behavior modification plan. If there is no behavior management plan in place, the District shall develop an assessment plan to address the behavior.

Special Education Expulsion Procedures

1. Prior to making a recommendation to expel a special education student, the authorized administrator will convene a Manifestation Determination Review (MDR) to determine whether the student’s act of gross disobedience/misconduct is a manifestation of his disability.

2. At the Manifestation Determination Review, the MDR team shall include the members of the student’s IEP team and other qualified personnel, including, but not limited to, the authorized administrator familiar with the act of misconduct.

3. In carrying out the Manifestation Determination Review, the team shall consider, in terms of the behavior subject to the disciplinary action, all relevant information, including:

   a. Evaluation and diagnostic results, including relevant information supplied by the parents;
   
   b. Observations of the student; and
   
   c. The student’s IEP and placement.

4. The team shall make the following determinations regarding whether the student’s conduct was

   a. manifestation of his/her disability:
   
   b. the misconduct caused by, or did it have a direct and substantial relationship to the student’s disability? OR
   
   c. the misconduct the direct result of the LEA’s failure to implement the IEP?

5. If, at the manifestation review conference, it is determined that the behavior of the student was a manifestation of his disability, the authorized administrator will not recommend expulsion. The authorized administrator may request a review of the appropriateness of the educational placement of the student in accordance with the Special Education Rules and Regulations. During the period necessary to propose a new placement, the student will remain in his/her then-current placement unless:

   a. The student has not previously been suspended for a period exceeding ten (10) school days during the same school year, in which case the student may be suspended for a maximum of ten (10) school days less such previous suspension(s);
   
   b. Parents and school district agree on an interim placement; or
   
   c. The school district obtains an order from a court of competent jurisdiction or a State of Illinois hearing officer changing the then-current placement or providing for other appropriate relief.
6. If, at the manifestation review conference, it is determined that the behavior of the student was not a manifestation of his/her disability, the authorized administrator may recommend expulsion to the Board. The expulsion notice to the parents/guardian sent pursuant to Expulsion Notification under Expulsion Hearings and Board Suspension Review Hearings, will also include three (3) additional statements that:

a. The parents are entitled to all rights provided under the IDEA 04 and those set forth in the Special Education Rules and Regulations, as available to the parents from the School District. A copy of parent’s rights shall be included with the notice of the expulsion hearing.

b. In addition to issues regularly determined at an expulsion hearing, the authorized administrator must present evidence that the manifestation review team met and concluded that the student’s misconduct was not a manifestation of his/her disability, which shall be duly noted by the Board of Education.

c. The administration shall ensure that relevant special education and disciplinary records of the student are transmitted for consideration by the Board of Education.

7. If a special education student is expelled from school in accordance with the procedures set forth above, the District shall convene an IEP meeting to develop an educational program to deliver educational services to the student during such period of expulsion.

RANGE OF INTERVENTIONS/CONSEQUENCES

At Crete-Monee School District 201-U, we are committed to supporting all student and staff by teaching and promoting positive behaviors throughout the district. District-wide, the initiative Positive Behaviors Interventions and Support (PBIS) is implemented at each building and we make it a priority to help ensure students are supported not just academically but socially and emotionally as well. Restorative Justice (RJ) is framework for which alternatives are also used for dealing with problematic behavior. Restorative practices involve working with the student using a supportive, encouraging, and nurturing approach rather than a traditional punitive approach. The district’s goal for the 2020-2021 school year is to continue to focus on Tier 1 and Tier 2 of Restorative Practices and ensure that proper monitoring and documentation of the interventions are being captured. While still integrating the interventions at Tier 1 and Tier 2, introduction of Tier 3 reintegration strategies will be utilized.

Restorative Justice’s three main goals are Accountability, Community Safety, and Competency Development.

- Accountability provides an opportunity for the student to be held accountable for the behavior displayed and allows them to repair the harm done and rebuild the relationship with the party offended.

- Community Safety stresses building relationships with outside agencies such as the Boys and Girls Club, CM 201-U Police Departments, and Youth Advocates as a strategy to empower the community to continue its efforts in healing its community members.
- Competency Development increases the social skills of students and address underlying factors that lead to disruptive behaviors in school and often delinquent behaviors outside of school.

Positive Behavior Interventions and Support (PBIS) is another resource used in the District that reinforces the desire of students to be safe, respectful, responsible, and ready to learn. Both PBIS and RJ are complimentary to one another and together, the tiered interventions are designed to re-teach and reinforce the skills needed to meet positive expectations in and out of the school setting. Staff will work to be proactive, protective, and reinforce positive behaviors.

The below range of interventions/consequences may be used to address student misbehavior. These interventions/consequences may be utilized in any order at the discretion of the administrator, except where Board approval is required. Parent notification shall occur for all consequences excluding warnings and lunch detentions and shall be made by: writing, email, text, phone, and/or in person. Support Services may occur at any level in the Range of Interventions/Consequences.

Range of intervention/consequences indicate the minimum measure for the first offense. There are two types of offenses; major and minor. **Major** offenses will most likely result in a suspension. For example: fighting, false alarms, weapons, etc. **Minor** offenses (unless habitual) will most likely result in In-School Supervision (ISS), detention, and/or parent contact. For example: horseplay, tardies, failure to serve detention, etc. In-school Supervision is used as an intervention and provides a place where remediable services can take place. ISS is no more than 10 consecutive days. **More stringent consequences may be used when a student has a major offense or repeated behaviors.**

Suspensions are always an administrator’s last choice of discipline as it is the intent of the district to keep students in school.

**Sample Tiered interventions that are used include, but is not limited to, the following:**

Although the district’s main goal is to refrain from exclusionary practices, some discipline may result in out-of-school suspension and/or alert of juvenile/police authority. No discipline and/or intervention will be applied in a discriminatory manner. The below caveats apply to all students. However, special education student’s disciplinary actions must have no adverse effect on Individual Education Plan (IEP) goals and objectives. Column A represents the action for all students. Column B represents action for special education students.

### Alternative Education Placement (MEC)

Students may be placed at MEC as an intervention to serve at-risk students, students lacking academic credit, and/or whose needs are not being met in the traditional school setting.

### Bus Suspension

Students that engage in negative activities on the bus may be suspended for up to ten (10) days. Negative activities consist of but are not limited to; defacing property, throwing objects out the window, moving about the bus while the bus is in motion, fighting, disrespecting the bus driver, etc.
DEFINITIONS OF INTERVENTIONS/CONSEQUENCES

Detention
Time assigned the student by a staff member or administrator to be served outside of the academic portion of the school day.

Emergency Removal
Students may be removed from the building due to discipline that cause safety concerns for the individual student and/or other students in the building.

Expulsion
Board of Education approved exclusion of a student for a period of time greater than ten (10) attendance days but not to exceed two (2) calendar years. Expelled students are not allowed on any school property or allowed to attend any activity sanctioned by Crete-Monee School District 201-U until their term of expulsion has been completed, except for the limited purpose of attending an alternative school on district property.

In-School Supervision (ISS)
An alternative to out-of-school suspension which is used as an intervention at the discretion of administration for violations of the student code of conduct such as repeated minor offenses. Students receive classroom assignments, restorative conversations, and/or Ripple Effects in an effort to remediate the behavior.

Internet Restriction
Students that violate the Technology User Agreement may be suspended from computer privileges for up to ten (10) days. Violations consist of, but are not limited to; inappropriate sites, downloading music, gaining access to teachers’ email, chatting, etc.

Mediation
Student that are having a conflict are encouraged to meet with administration, counselors, social worker, or PBIS staff to resolve differences.

Out-of-School Suspension
A temporary exclusion of a student from school (including all activities sanctioned by Crete-Monee Schools), from all school district property, from riding the school bus or from a class or classes for a period of time not to exceed ten (10) attendance days unless approved by the Board of Education. A student may be suspended from riding the school bus in excess of ten (10) attendance days for safety reasons. It is the responsibility of the parent to transport the student(s) to and from school. (Special education students will be referred to the special education team prior to a bus suspension.)
DEFINITIONS OF INTERVENTIONS/CONSEQUENCES

Parent Contact
Parents/Guardians are notified of the discipline concern by phone, mail and/or in person.

Parent Conference
A formal scheduled meeting with parents/guardians to discuss a student’s behavior.

Parent Conference in Lieu of Suspension
Parents are given an opportunity to meet with administration and discuss the ongoing behaviors of their student prior to suspension. This is the opportunity to create a plan together in an effort to avoid suspension.

Peace Circle
Students participate in peace circles as another form of restoring relationships and/or repairing the harm that has been done.

Physical Restraint
Students will be restrained to protect them from themselves or from endangering others.

Refer to outside agency
Building administrators will maintain a directory of outside agencies to assist families with needs outside of the school community. Parent/guardian will be responsible for all agencies requiring payment.

Restitution
Students may be required to perform simple work consistent with the nature of the offense committed to remedy the damage which they or others have caused to property or grounds - for example: removal of gum from under desks and seats, repair of damaged property, removal of gang identifiers painted on buildings, repair of grounds damaged by vehicles, etc. Restitution can be assessed based on equivalent replacement or compensation for loss, damage, or injury caused. In cases such as this, police will be contacted.

Social Probation (loss of privilege)
Loss of privilege from participation in and/or attendance at, an extracurricular school-sanctioned activity. This includes but is not limited to; practice, try-outs, prom, dances, etc. (Will not exceed six (6) weeks at a time)

Social Worker/Counselor
Students are referred to the social worker or counselor in their school to assist them with appropriate behavior and/or responses.
**Support Our Students (SOS)**

Support Our Students (SOS) can be used as an alternative to an Out of School Suspension (OSS). Guidelines/requirements for SOS are established between the sending school, Central Administration, and MEC Administration. Parent/Guardians must consent in writing to the length of stay.

**Study Carrels**

An intervention used to assist students with staying focused and to provide personal space. This intervention is typically used with special education students or students with 504 Plans.

**Temporary holding situation/ Isolated Time Out**

Students shall be placed in the Supervision Room for one or two class periods after a staff member has removed them from a class or situation when the student’s behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures have been tried and proven ineffective in stopping the imminent danger of serious physical harm (ISBE 23 IAC 1.285).

**Warning**

Students are told verbally to refrain from disruptive behaviors or that continued disruption may result in more severe disciplinary action.

**Pest Control Procedures**

The Illinois Legislature passed SBO527 and SBO529, amendment to the Structural Pest Control Act and the Illinois Pesticide Act that effect how pests are controlled in schools.

The legislation affects the schools in basically two ways:

- Illinois schools are required to adopt a pest control process called Integrated Pest Management or IPM.
- Schools are required to notify staff, students and parents prior to certain types of pest control applications.

Integrated Pest Management emphasizes inspections and communication with the school administration. The focus of the program is to identify and eliminate conditions in the school, which could cause pests to be a problem. Applications of pest control materials are made only when necessary to eliminate a pest problem. **Regular applications are not part of the program.**

The school district has contracted Anderson Pest Control for structural IPM services and has IPM services and programs in place in schools they service. If you have any questions about the information and procedures contact Keith McLean, Director of Buildings and Grounds at (708)367-8210.

If it becomes necessary to use any pest control products other than traps or baits, notice will be posted on the district website www.cm201u.org two business days prior to the application. The only exception to the two-day notice would be if there were immediate threats to health or property. Then notice will be posted as soon as practicable.
If you would like to receive written notification prior to the application of any pest control materials subject to the notification requirements, please complete the form below and return it to your child's school or district office.
I would like to be notified before the application of pesticide at the school that my student attends. I understand that if there is an immediate threat to health or property that requires treatment before notification can be sent out, I will receive notification as soon as practicable.

The guidelines, procedures, and information within this document apply to all Chromebooks used at District 201-U by students, staff or guests including any other device considered by the Administration to fall under this policy.
Chromebooks must remain free of any decorative writing, drawing, stickers, paint, tape, or labels that are not the property of District 201-U. Spot checks for compliance will be done by administration or District 201-U staff members at any time. Students may add appropriate music, photos, and videos to their Chromebook. Personalized media are subject to inspection and must follow the District 201-U Acceptable Use Policy.
RECEIVING YOUR CHROMEBOOK

Chromebooks will be distributed prior to the beginning of the school upon collection of yearly insurance fee or authorization from the parent/guardian that they are waiving the purchase of the yearly insurance fee.

The Chromebook Insurance Protection Enrollment Form will need to be signed and returned during registration.

Insurance Policy

Crete-Monee School District 201-U offers a Chromebook insurance policy for purchase to cover common repairs for your child’s district Chromebook. The yearly insurance cost will be $20 per device for students and must be paid within the first 30 days of school. The cost of the insurance is not a fee, but an insurance cost and is not eligible to be waived under the federal meals program or through a fee waiver application. Parents/Guardians may elect not to purchase the insurance policy. If parents/guardians elect not to purchase the insurance policy or does not make the purchase within 30 days of the start of school, they are responsible for the cost of repairs (up to, and including, replacement).

Return

Students will be required to return their Chromebook and peripherals at the end of the school year and will retain their original Chromebook upon return for the following school year.

Students that have completed the 8th and 12th grade will be given the option of keeping their Chromebook at the conclusion of the school year.

Any student who no longer attends District 201-U will be required to return their Chromebook and all peripherals checked out to the student. If a Chromebook and peripherals are not returned, the parent/guardian will be held responsible for payment in full. If payment is not received, the parent/guardian will be turned over to a collection agency and reported as stolen property of District 201-U.
TAKING CARE OF YOUR CHROMEBOOK

Students are responsible for the general care of the Chromebook. Chromebooks that are broken or fail to work properly must be taken to the Library Media Center. If a loaner Chromebook is needed, one may be issued to the student until their Chromebook can be repaired or replaced.

General Precautions

- Food or drink is not recommended near your Chromebook.
- Cords, cables, and removable storage devices must be inserted carefully into the Chromebook.
- Students should never carry their Chromebook while the screen is open.
- Chromebooks should be shut down when not in use to conserve battery life.
- Chromebooks should never be shoved into a locker or wedged into a book bag as this may break the screen.
- Do not expose your Chromebook to extreme temperatures or direct sunlight for extended periods of time. Extreme heat or cold may cause damage to the Chromebook.
- Always bring your Chromebook to room temperature prior to turning it on.

Carrying the Chromebook

The protective shell of the Chromebook will only provide basic protection from everyday use. It is not designed to prevent damage from drops or abusive handling. Students must carry the Chromebook in the District 201-U provided case.

Screen Care

The Chromebook screen can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on top of the Chromebook.
- Do not place anything near the Chromebook that could put pressure on the screen.
- Do not place anything in the carrying case that will press against the cover.
- Do not poke the screen.
- Do not place anything on the keyboard before closing the lid (e.g. pens, pencils, notebooks).
- Do not place it on the floor where it could get kicked or stepped on.
- Clean the screen with a soft, dry anti-static, or micro-fiber cloth. Do not use window cleaner or any type of liquid or water on the Chromebook. Packaged pre-moistened eyeglass lens cleaning tissues may be used to clean the screen.
USING YOUR CHROMEBOOK

At School

The Chromebook is intended for use at school each and every day. In addition to teacher expectations for Chromebook use, school messages, announcements, calendars, academic handbooks, student handbooks and schedules can be accessed using the Chromebook. Students must be responsible for bringing their Chromebook to all classes, unless specifically advised not to do so by their teacher.

At Home

All insured students at the high school and middle school are required to take their Chromebook home each night throughout the school year for charging. Chromebooks must be brought to school each day in a fully charged condition. Students need to charge their Chromebooks each evening. Repeated failure to charge your Chromebook may result in referral to administration and possible disciplinary action. When fully charged at home, the battery should last throughout the day. While using the Chromebook at home, students should keep the Chromebook in the District 201-U issued case in order to provide the utmost protection against damage.

Sound

Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.

Printing

- At School: Teachers will utilize digital copies.
- At Home: The Chromebook will not support a physical printer connection. Instead, users may print to their home printers using the Google Cloud Print service. A wireless home network is required for this.

Managing Your Files and Saving Your Work

Students may save documents to their Google Drive. Saving to Google Drive will make the file accessible from any computer with internet access. It will be the responsibility of the student to maintain the integrity of their files and keep proper backups.
SOFTWARE ON CHROMEBOOKS

**Originally Installed Software**

All Chromebooks are supplied with the latest build of Google Chrome Operating System (OS), and many other applications useful in an educational environment. The Chrome OS will automatically install updates when the computer is shut down and restarted. The software originally installed on the Chromebook must remain on the Chromebook in usable condition and easily accessible at all times. From time to time the school may add software or apps for use in a particular course. This process will be automatic with virtually no impact on students. Applications that are no longer needed will automatically be removed by the school as well.

**Additional Software**

Students are unable to install additional software on their Chromebook other than what has been approved by District 201-U.

**Inspection**

Students may be selected at random to provide their Chromebook for inspection. The purpose for inspection will be to check for proper care and maintenance as well as inappropriate material being carried into the school. Inappropriate use or content will be subject to disciplinary action.

**Procedure for Restoring the Chrome OS**

If technical difficulties occur the device may be restored to factory settings. All student created files stored on an external mini SD card, USB flash drive, or Google Drive will be intact after the operating system is restored. All files saved on the Chromebook that have been synced to Google Drive will be intact. However, all other data (music, photos, documents) stored on internal memory that has NOT been synced will not be restored unless the student requests that an attempt be made to salvage it.
PERSONALIZING THE CHROMEBOOK

Protecting & Storing Your Chromebook

Chromebook Identification: Chromebooks will be labeled in the manner specified by the school. Chromebooks can be identified in the following ways:

- Chromebook identification number on lid / serial number on bottom
- Student’s First and Last Name

Under no circumstances are students to modify, remove, or destroy identification labels.

Storing Your Chromebook

When students are not using their Chromebook, it should be stored in their lockers or carried with them in the district provided Chromebook case. Nothing should be placed on top of the Chromebook, when stored in the locker. Students that have paid their insurance need to take their Chromebook home with them every night. The Chromebook is not to be stored in lockers or anywhere else at school outside of school hours. The Chromebook should be charged fully each night at the student’s home.

Chromebooks should never be stored in a vehicle for an extended period of time, especially during times of extreme temperatures.

Storing Chromebooks at Extracurricular Events

Students are responsible for securely storing their Chromebook during extra-curricular events. A locked locker is suggested for storage.

Chromebooks Left in Unsupervised / Unsecured Areas

Under no circumstance should a Chromebook be stored in unsupervised areas. Unsupervised areas include: the school grounds and campus, the cafeteria, unlocked classrooms, library, locker rooms, dressing rooms, hallways, bathrooms, extra-curricular bus, in a car, or any other entity that is not securely locked or in which there is not supervision.

Unsupervised Chromebooks will be confiscated by staff and taken to the Principal’s office. Disciplinary action may be taken for leaving a Chromebook in an unsupervised location.
REPAIRING OR REPLACING YOUR CHROMEBOOK

Chromebooks Undergoing Repair for Damage

- District 201-U will assess the Chromebook damage and repair or replace the device if the damage is determined to be within the insurance policy guidelines.
- Loaner Chromebooks that can be taken home at the end of the day will only be issued to students who have either paid the cost of the insurance policy deductible when they leave their Chromebook for repair at the Library Media Center.
- Day Use Chromebooks will be available for students until cost of insurance policy deductible is paid. Day Use Chromebooks will be collected at the end of each day.
- If repair is needed due to malicious damage, the school will refuse to provide a loaner Chromebook, unless full replacement cost has been rendered prior.
- Repaired Chromebooks will end up with the original factory image as first received. It is important that students keep their school data synced to the cloud drives so documents and class projects will not be lost. Personal information that cannot be replaced should be kept at home on an external storage device.
- Students and parents will be charged for Chromebook damage that is a result of misuse or abusive handling.

Chromebooks Undergoing Repair for Technical Issues

Loaner Chromebooks will be issued to students who bring their Chromebook to the Library Media Center with technical issues that would be considered factory defects and not damage caused by student misuse.

If the Chromebook is under warranty, a loaner Chromebook will be issued to the student while the Chromebook needing repair is sent back to the manufacturer.

Manufacturer Warranty

The manufacturer warrants the Chromebook from defects in materials and workmanship for a period of one year. This warranty is only valid for the first 12 months from the date District 201-U takes delivery of the Chromebook. This limited warranty covers normal use, mechanical breakdown, or faulty construction and will provide replacement parts necessary to repair or if necessary, replace the Chromebook. The manufacturer warranty DOES NOT warrant against damage caused by misuse, abuse, or accidents. Please report all Chromebook problems to the Library Media Center.

If a Chromebook becomes defective (at no fault of the student) after the manufacturer warranty expires, District 201-U will replace the Chromebook at no charge with a refurbished Chromebook of the same age or newer.

Loss or Theft Protection

As part of the 1:1 Chromebook Initiative, District 201-U offers an insurance policy prior to the deployment of the Chromebook to your child. The insurance will cover accidental damage or loss
